

ARE YOU A NY AREA WORKER?

Join the NY Area Workers Cohort Study!

We want to increase our knowledge about workers' health. We are also trying to gain a better understanding about how World Trade Center exposures may affect the health of workers who were part of the disaster rescue and recovery activities.

Who can participate? Employed or retired workers that **DID NOT** experience world trade center exposures.

What do I have to do? If eligible, complete an online survey every year or two about you, your workplace exposures, and your health.

NO CLINIC VISIT REQUIRED.

To thank you for your participation, you will be entered into a monthly drawing for a \$50 gift card for every completed questionnaire.

If you would like to sign up to participate or learn more, please visit our website:

<https://www.nyworkerscohort.org/> OR
or call our office at 212-824-2377.
